

# Pale Machine

Bo En

I'm feeling good let's say  
My emptiness has gone away  
I just woke up today  
Eat my corny flakes for you

Good morning, how's the weather dear?  
My feelings are so clear  
I just wanna be with you  
Doing what you do, always  
Show me how to live

(Han de oshita yō ni)  
Just a perfect life  
(Manmaru manmaru)  
Pleasure in every move we make  
(Han de oshita yō ni)  
Perfect every time  
(Manmaru manmaru  
Maikai)

Will you lead me straight to paradise?  
Will you feed me?  
Everything is nice here  
Kanji ga ippai  
Ame ga oritaidesho

Hold me, I'm a pale machine  
Life is just OK out here, anyone can see  
I'm lonely, with my pale machine  
Eyes will run with tired tears  
Living like a dream

I'm born anew, my fingers push the buttons  
Thoughts come through now  
Akachan mitai  
Mama-sama ga ippaidesho
