

On The Wall

bôa

You know what you need
You need what you need
As far as I can see
Time could've made it
Life could've broken it
But you know me

I could've been there
You know I been there
Now I'm here again
I could've been there
You know I been there
Now I'm here again

Take me or break me
Make me feel alive
Make me and take me
Make me feel alive

Home on a run now
I'm on a gun now
I've seen it all
You know you seen me
You want to be me
I am there on that wall

Everything you need
You know that I have
All the things you want
Loving you lately
You know I love you
You know that I do

Make me or take me
You know you need to feel
Love me or leave me
You know you really need
All the time
Love me, leave me

All the things that
You know you wanted
You can have them from me
I know I love you
You know I need you
And you want to be free

You know you seen me
You know you need me
Time will change
When I am through
Love me or leave me
You know you need me

Take the time to see
I'm on the wall
