One Day

bôa

Last night I felt it, burning through my mind
I just want to be your friend, and I want you to know

In the light of a new day, I left it all to you
In the night of confusion, I loved you

Today I am stronger, in so many ways
I just want to be there, and I want you to see

In the light of a new day, I left it all to you
I'm just looking for a way out, and something else to do

I can feel it in my bones, and I need it, don't you see it?
I am flying over the mountain, do you feel it?

I won't be happy 'til you're out the door
You won't be happy 'til you get some more
You need me, you love me
I won't be happy 'til you're out the door
You won't be happy 'til you get some more
Cause you need me, you love me
You love me...
