              E      A          E            A
1. If not for you, babe I couldn't find the door,
              E           A
   Couldn't even see the floor,
                Asmi    F#mi
   I'd be sad and blue,
              E  A    E   A
   If not for you.

              E      A          E             A
2. If not for you, babe I'd lay awake all night,
              E           A
   Waiting for the morning light
           Asmi      F#mi
   To shine in through,
                Asmi     F#mi
   But it would not be new,
              E  A    E   A
   If not for you.

   A                 E
R: If not for you, my sky would fall,
    B               E
   rain would gather too.
    A                     E
   Without your love I'd be nowhere at all
   F#              B    A    Asmi    F#mi
   Oh! What would I do, if not for you.

   B   A   Asmi   F#mi    E    A

              E    A          E            A
3. If not for you, winter would have no spring,
              E          A
   Couldn't hear a robin sing,
                   Asmi      F#mi
   I just wouldn't have a clue,
                   Asmi      F#mi
   Anyway it wouldn't ring true,
              E  A
   If not for you.
              E  A
   If not for you.

R: If not for you...

4. = 1.
