

You can do what you please, you don't need my advice
'Fore you call me any dirty names, you'd better think twice

Gettin' light outside, the temperature dropped
I think the rain has stopped
I'm gonna make you come to grips with fate
When I'm through with you, you'll learn to keep your business straight

R: Oh, I miss you, Nettie Moore...

4. The bright spark of the steady lights
Has dimmed my sights
When you're around me all my grief gives 'way
A life time with you is like some heavenly day

Everything I've ever known to be right has been proven wrong
I'll be drifting along
The woman I'm a-lovin', she rules my heart
No knife could ever cut our love apart.

Today I'll stand in faith and raise
The voice of praise
The sun is strong, I'm standing in the light
I wish to God that it were night

R: Oh, I miss you, Nettie Moore...
