

# This Heartless Heart

Bob Geldof

I hear a heart beat  
It's ringing out across the universe  
It sounds so lost and lonely  
It must come from somewhere deep inside of us  
And the operator says  
"All is calm  
All is quiet  
Close your eyes and sleep tonight"

This is the world calling  
This is earth  
This is the world calling  
This is us

I'm on a train now  
I'm moving through the yellow fields of rape  
There's so much beauty  
I wished that I believed enough to pray  
Then the operator says  
"Spinning 'round, you're wrapped in blue  
There's no-one looks as good as you"

This is the world calling  
This is us  
And it goes on and on

What we going to do because it can't go on  
Wrap me in your arms and keep me warm tonight

This is the world calling  
God help us
