

# Yeah, Definitely

**Bob Geldof**

If I fall down on my knees  
And my tear-stained cheeks say please  
Well yeah  
Yeah, yeah, yeah

And if you take me  
From this world  
Of lies and pain and hurt  
Well yeah  
Yeah, yeah, yeah

From your mouth you breathe  
The breath of Summer's kiss  
The magic words of calm  
Come pouring from your lips

Hey babe come here quick  
My head is pounding  
My mind is sick  
Yeah

Everybody I know said you must be joking  
When they saw me with you  
The laughed until they choked

And I know when it gets too much  
I'll lean on you  
My velvet crutch  
Oh yeah

Hey you pretty thief  
You stole my fear  
And gave me peace of mind  
Yeah
