

# Believe

Bob Moses

Well, the road can get so lonely  
I wonder how you wait so long  
And it comes on without warning  
This feeling that I don't belong  
So I walk 'round heavy hearted  
The summer night can seem so long  
This summer night I'm holding on

Still so far to go 'til we're back together  
I need you more than ever  
Further than we know 'til we're back together  
I need you more than ever

You make me believe  
It's more than just a dream  
That's hanging out of reach  
I'm coming back to you  
The tired, empty streets  
The silence in between  
Goes on and on  
I'm so far gone  
And you're the one I need  
'Cause you make me believe

It was easy when we started  
There was something that I had to do  
It's been so long since we parted  
Too many nights away from you  
And I know it's only heartache  
A little case of lover's blues  
But I don't wanna have to choose
