

Like It Or Not

Bob Moses

Like it or not, you know it's true
There isn't much, that you can do
Feeling so small, you feel it too

You gotta keep pushing
Gotta keep pushing through
This gotta mean something
Gotta mean something to you

We gotta keep pushing
We gotta keep pushing through
This gotta mean something
This gotta mean something to you
We gotta keep pushing
We gotta keep pushing through
This gotta mean something to you
