

Seen It Coming

Bob Moses

Ooo, it's pulling you in, can you feel the attraction?
Ooo, I seen it coming yeah
Ooo, I seen it coming yeah
Ooo, turn off your mind, you just need a distraction
Ooo, I seen it coming yeah
Ooo, I seen it coming yeah
You took it too far, you just want a reaction
Ooo, I seen it coming yeah
Ooo, I seen it coming yeah

Ooo, tell me what you're trying to prove
You don't wanna have to lose
Everything you wanted
Now it's time to make your confession
Yeah, my open arms are always there
You're not the only one who cares
Look into my eyes and
Tell me, can you see your reflection?

Ooo, living a lie that you'll never surrender
Ooo, I seen it coming yeah
I seen it coming yeah
You'd drown in your pride, and it's pulling you under
Ooo, I seen it coming yeah
Ooo, I seen it coming yeah

Ooo, tell me what you're trying to prove
You don't wanna have to lose
Everything you wanted
Now it's time to make your confession
Yeah, my open arms are always there
You're not the only one who cares
Look into my eyes and
Tell me, can you see your reflection?
