

The Only Thing We Know

Bob Moses

If you won't leave me then I won't go
And if you can't see me guess I'm a shadow
If I say sorry would you let go
It's the only thing we know

If you don't need me say it ain't so
If you won't lead me who will I follow?
If I say sorry would you come home
It's the only thing we know

If you won't leave me then I won't go
If you don't lead me who will I follow?
If I say sorry would you let go
It's the only thing we know

If you don't need me say it ain't so
And if you can't see me guess I'm a shadow

If you won't leave me then I won't go
And if you can't see me guess I'm a shadow
If I say sorry would you let go
It's the only thing we know

If you don't need me say it ain't so
If you won't lead me who will I follow?
If I say sorry would you come home
It's the only thing we know

If you won't leave me then I won't go
And if you can't see me guess I'm a shadow
If I say sorry would you let go
It's the only thing we know

If you don't need me say it ain't so
If you won't lead me who will I follow?
If I say sorry would you come home
It's the only thing we know

If you won't leave me then I won't go
If you don't lead me who will I follow?
If I say sorry would you let go
It's the only thing we know

If you don't need me say it ain't so
And if you can't see me guess I'm a shadow
