

Foreigners

Bob Rivers

Foreigners...

Infiltrate our nation,

Foreigners...

Take jobs from Americans.

Hey, we want to be Americans,

But we're illegal aliens,

And we really like it here,

Though we don't speak the language clear.

Foreigners...

Stamping out our unions,

(What, do you mean Soviet Union?)

Foreigners...

Take jobs from Americans.

We sneak across your border lines,

To stand in unemployment lines,

We chip in to buy a car,

Drive back home to get some more

Foreigners...

Hide from immigration,

(Hey, you got a place I can stay, man?)

Foreigners...

Take jobs from Americans

(Hey how ya doin'?)

There's the Statue of Liberty

Feeds us bums who live for free.

Here's for you, the tired and the poor

When you gonna slam the door?

Foreigners...

Infiltrate our nation,

(I dunno, it's a long ride back.)

Foreigners...

Take jobs from Americans.
