

The 'What's It to Ya' Chorus

Bob Rivers

What's it to ya?

What's it to ya?

What's it to ya?

What's it to ya?

What difference does it make?

What's it to ya?

What's it to ya?

What's it to ya?

What's it to ya?

What difference does it make?

Why don't you go about your own business?

What's it to ya?

What's it to ya?

Why must you bother me when I'm thinking?

What's it to ya?

What's it to ya?

Why don't you go about your own business?

What's it to ya?

What's it to ya?

Why must you bother me when I'm thinking?

What's it to ya?

What's it to ya?

What's it to ya?

What's it to ya?

Why don't you go about your own business?

What's it to ya?

It's none of your concern

So just buzz off

It's none of your concern

So just buzz off

So just buzz off

And we shall complain forever and ever

And we shall complain forever and ever

And we shall complain forever and ever

And we shall complain forever and ever

Leave far from me

And just walk afar

And we shall complain forever and ever

Don't bother

Don't bother

For ever and ever

What's it to ya?

What's it to ya?

What's it to ya?

What's it to ya?

What's it... to ya?
