

Blood and Bones

Bob Schneider

I wish I could be you castle
Keep you safe from harm
I wish I could be your favorite movie
Where the bad guy falls into your arms
I wish I could make you see
How wonderful everything is
Most of the time

But I'm only Blood and Bones
Blood and Bones
Blood and Bones
Blood and Bones

I wish someday would never come
Unless someday I could touch my toes
I wish there wasn't so much
Nobody knows
I wish I could be your favorite clothes

But I'm only Blood and Bones
Blood and Bones
Blood and Bones
Blood and Bones

I wish I was a bird

So I could build a nest in your hair
And I could sing you to sleep
Every night and everywhere
I wish I was the sunshine
All around you all the time
So I could stop the shadows
From falling cross your mind

But I'm only Blood and Bones
Blood and Bones
Blood and Bones
Blood and Bones
