

# Everything Is Cool

Bob Schneider

it's a good thing you are you  
it's a good thing yes it's true  
some thing can't be proven  
it's all right to believe in

as i lay here hardly sleeping  
and i listen to you breathing  
i have waited so long  
to find someone like you

i'll make you something make me something too  
we get together everything is cool it's cool  
i'll make you something make me something too  
we get together and everything is cool it's cool

i want to tell you a little something that i made up in  
my head  
while i was drifting off to sleep last night awake in  
my bed  
i heard the voice inside my heart a little whisper in  
the rain  
softer than the wind whistling against my windowpane

it's said to stop and don't you worry, all your worry  
is for naught  
and breathe in a little air because this moment is all  
that you've got  
and all the little lies you tell yourself each day  
they just be taking up space, getting in love's way

i'll make you something make me something too  
we get together everything is cool it's cool  
i'll make you something make me something too  
we get together everything is cool it's cool, yeah

i want to tell you a little something that i made up in  
my head  
while i was drifting off to sleep last night awake in  
my bed  
i heard the voice inside my heart a little whisper in  
the rain  
softer than the wind whistling against my windowpane

it's said to stop and don't you worry, all your worry  
is for naught  
and breathe in a little air because this moment is all  
that you've got  
and all the little lies you tell yourself each day  
they just be taking space, getting in love's way

i'll make you something make me something too  
we get together everything is cool it's cool  
i'll make you something make me something too  
we get together everything is everything is cool yeah  
cool yeah

i'll sit you right down i'll sit your ass right down

i'll sit you right down i'll sit your ass right down  
i ll sit you right down i'll sit your ass right down  
and bring you something real that i found

not necessarily it's not like it's something that can  
be spoken  
it's something that's perfect and can never be broken  
it might not seem like it could really make a  
difference  
but in this world of lies it's the only thing real

i'll sit you right down i'll sit your ass right down  
i'll sit you right down i'll sit your ass right down  
i ll sit you right down i'll sit your ass right down  
and bring you something real that i found

i'll make you something make me something too  
we get together everything is cool it's cool  
i'll make you something make me something too  
we get together everything is everything is cool yeah  
cool yeah cool
