The Tiger and the Lamb

Bob Schneider

You be the tiger, i'll be the lamb
You be the woman & i'll be the man
You be the earth, i'll be the ocean
Let's do it baby, put it into motion...

You be the tunnel, i'll be the train
You be the desert & i'll be the rain
You be the rain, i'll be the umbrella
I'll be ur bitch & u can be my fella...

Baby we can do it til we get it done right
I'll put the bullet in ur gun tonite
I'll put the burger in ur bun tonite
I'll put the shine in ur sun tonite...

I'll put the butter in ur rum tonite
I'll put the kingdom in ur come tonite
I'll put the some in ur one tonite
Baby we can do it til we get it done right

I'll be the puppet, you be the hand

You be the drugs & i'll be the band

You be the drugs & i'll be the money
You be the high, baby, and i'll be the honey

You be the hammer, i'll be the nail
You be the bad girl & i'll be the jail
You be the rumble & i'll be the roll
I wanna do you like you ain't been done befo'

Baby we can do it til we get it done right
I'll put the bullet in ur gun tonite
I'll put the burger in ur bun tonite
I'll put the shine in ur sun tonite...

I'll put the butter in ur rum tonite
I'll put the kingdom in ur come tonite
I'll put the some in ur one tonite
Baby we can do it til we get it done right

You be the drummer, i'll be the drum
And baby if you call me up, i'll wait until you come
U be the toast baby, i'll be the toasta
I'm gonna give u all that lovin' like i'm s'posed ta
U can be exactly, i'll be whatever
You can be my head if you think ur so clever
U be the kitty cat & i'll be the roosta
I'm gonna do u in a way that ur not used ta...

Baby we can do it til we get it done right
I'll put the bullet in ur gun tonite
I'll put the burger in ur bun tonite
I'll put the shine in ur sun tonite...

I'll put the butter in ur rum tonite

I'll put the kingdom in ur come tonite
I'll put the some in ur one tonite
Baby we can do it til we get it done right
