Well, it's shinin' brightly
It's lookin' pretty right
From the early morning
Till real real late at night
It's lookin'pretty good today
The dark clouds are rollin' away
Oh and it's shinin' brightly
And I think it's gonna be okay

Well, it's startin' to feet good again
You and me
Startin'to feel real good lady
Just the way it used to be
Futures lookin' good at last
Rough times are all in the post
Oh and it's shinin' brightly
And I think it's gonna last
I think it's gonna last
Oh yeah

Well, it's shinin' brightly
I don't think there's too much doubt
This time baby
I think we got it all worked out
Lookin' pretty good today
The dark clouds are rollin' away
And it's shinin' brightly
I think we're on our way
Its a nice change
Feeling pretty good at last
Rough times are all in the post
Oh, and its shinin' brightly
I think its gonna last
Oh, it's gonna be okay
Okay
