

D.N.A

Bob Sinclar

Tonight I'm dancing on my own
The place to be when you're broken
I left my friends somewhere in the back, oh
Now I'm stuck in emotion

When you came right at me, at me
Let's be bold and stay the night
Came right at me, at me
And ah

Eyes are glowing in dark night
Oh my my
Give me something to hold on to
I'm paralyzed
Ready or not
Love me, love me tonight
'Cause I'm drawn to your DNA

Tonight I wanna close my eyes
Lead me wherever you want
You make me fade, just a simple touch, oh
Gotten straight to my head now

When you came you got me so
Electric
Electric
When you came right at me, at me
Let's be bold and stay the night
Came right at me, at me
And ah

Eyes are glowing in dark night
Oh my my
Give me something to hold on to
I'm paralyzed
Ready or not
Love me, love me tonight
'Cause I'm drawn to your DNA

'Cause I'm drawn to your DNA
