My only love

Bob Sinclar

I love the way you get next to me You take my love so much higher, oh Yes, set my body on fire, burn me up in my bones I give you every desire, I fill you up with my love, with my love You are my only love Baby, can't tell What I feel for you What you give to me Baby, baby, that'd be crazy I get my body in motion You turn me up with this stuff My heart is filled with emotion Fill me up with your love, baby, keep it coming You are my only love I said, you are, baby, my only love You are my only love I said, you are my only love You're the only love, the only love You're the only love, the only one I love You're the only love, the only love You're the only love, the only one I love You're the only love, the only love You're the only love, the only one I love You're the only love, the only love You're the only love, the only one I love You are my only love My only love My only love My only love My only love
