

# Peace Song

Bob Sinclar

Just want to be... to be, to be together  
Just you and me... to be, to be together  
Doesn't matter who you are or who you think you are  
Only time will tell... yeah yeah yeah...ohhh

Oooooohh...  
remember the day when we used to play  
in the sun...  
flowers in our hair  
no worries up heads  
only love...

Never had anyone, cause it was all...love  
.....  
.....  
Togetheeer...

Just want to be... to be, to be together  
Just you and me... to be, to be together  
Doesn't matter who you are or who you think you are  
Only time will tell... yeah yeah yeah...ohhh

Ooh..  
Do you ever feel like running away  
When they turn on you...  
I look at the sky, see...??....  
And i belive, i belive that the power of love  
Will see us throught...  
Like the ??? in the sun..????...  
Togetheeer

Just want to be...to be , to be together  
Just you and me...to be, to be together  
Doesn't matter who you are or who you think you are  
Only time will tell...yeah yeah yeah...ohhh

When the star shines...bright...  
I think of peace and love..yeah...  
From above...come on now

Oooooohh...  
remember the day when we used to play  
in the sun...  
flowers in our hair  
no worries up heads  
only love...

Just want to be...to be , to be together  
Just you and me...to be, to be together  
Doesn't matter who you are or who you think you are  
Only time will tell...yeah yeah yeah...ohhh

That's what i wan'a now  
right now  
I wana see ya i wan'a hear ya
