

# Bait The Bear

Bob Vylan

Who wants what?  
Bait the bear, lost the plot  
Look what you got  
Yeah, hit me with your best shot, uh yeah  
Yeah, hit me with your best shot, baby

They say I'm violent (They say I'm violent)  
Yeah I'm violent (Of course I'm violent)  
This whole country's fucking violent  
And it drowns me out in silence  
What's that sound? Feels like a riot (Feels like a riot)  
Yeah it's a hoot. Caribbean but I'm no fucking pirate (Nah nah)  
Killing every Union Jack Sparrow I find on the island (Every one)  
Hardly surprising: colonisers colonising (Hardly surprising)  
From Jamaica to Lahore, stolen land and stolen diamonds  
All achieved by violence, and like they're enlightened

Burn it down. Who wants what? (Who wants what?)  
Bait the bear (I'll bait the bear), lost the plot (I've lost the plot)  
Look what you got (What you got)  
Yeah, hit me with your best shot, uh yeah (Hit me with your best shot)  
Yeah, hit me with your best shot, baby

Long locks (Oh la la), call me daddy  
Yeah I'm tall dark and handsome, make this country wanna clap me  
They can't stand me (Nah, nah)  
Hate it when I have that bitch Britannia pull aside her panties  
Slip in slow, and fuck the borders (Fuck the borders)  
Arrive on rubber dinghy rapids, we survive the worst of waters  
Curried lambs (Curried lambs) to the slaughter (To the slaughter)  
But we won't go without a fight so fuck your law and fuck your order

Let it burn. Who wants what? (Who wants what?)  
Bait the bear (I'll bait the bear), lost the plot (I've lost the plot)  
Look what you got (What you got)  
Yeah, hit me with your best shot, uh yeah (Hit me with your best shot)  
Yeah, hit me with your best shot, baby

Wage war against the state  
Wage war against the state  
Wage war against the state  
Wage war against the state  
Wage war against the state  
Wage war against the state  
Wage war against the state  
It's a fascist regime
