

Run Up

Bob Vylan

Run up in the set, dead, dead, dead, dead, dead

Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah

Heard him talking spazzy
He don't like me, that's okay with me
I was running through his ends
Back then had the blade on me
Never saw him open up
Pussy always frozen up
Just like every member of that clique that he was throwing up
Run up in the set
Dead, dead, dead, dead
You won't see me happy till the streets are running devil red
Hear me coming up the steps
Want the weed, I want the bread
Take the wha, left the wha
I'm chopping necks and taking heads
("Take the what and left the what? You sound like a [?] ")

Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah

Run up, run up, run up, run up, run up in the set, yeah
Run up, run up, run up, run up, run up in the set, yeah
Run up, run up, run up, run up, run up in the set, yeah
Run up, run up, run up, run up, run up in the set, yeah
Run, run, run, run, run, run, run, run, oh
Run, run, run, run, run, run, run, run, oh
Run, run, run, run, run, run, run, run, oh
Run, run, run, run, dead, dead, dead, dead

Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything dead, yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah
Run up in the set, we killing everything, woah yeah
(Woah, woah, woah, woah, woah, woah, woah, woah)
