

Wicked & Bad

Bob Vylan

Wicked and bad man move (Wicked)

Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag

Rent on the rise, you can't afford it
Baby need new clothes, told your lady that you'll sort it
In this line of work if work is stolen then you can't report it
Bredrin threw you grub, intercepted bitch I caught it
I'm just lucky that I caught it, I'm not tryna catch a case
I'm standing in the docks, the judge will throw the book all in my face
Break it down and move it quick, but you've gotta play it safe
Every life is precious, but it's too expensive in this place
Dog eat dog world, but the dogs have gone mad
Trees bear no fruit and the veg has gone bad
Underwater movements, I'm not talking Krusty Krab
I'm Spongebob at the bank, put the money in the bag (Put the money in the bag)

Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag

Sat on that wall, **** in my shoe
Watching my best friend strapping a zoot
Watching my back, feds hassled the yutes
Plug said don't let it happen to you
[?] when they're flashing blues
Ten toes, man movement smooth
Captured me, never captured food
Way too smart man I'm way too rude
Way too fast, way too aggy
Turn the corner, stash that baggy
Hop the graveyard, man move scatty
Fuck that, let's go dig up Maggie
Let's go dig up Maggie's grave and ask her where that milk went
Down to storm those Downing doors, run inside and **** them
Eat the rich, eat the rich before they turn and eat your children
England's ending, death's still pending, burn those fucking buildings

Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag
Moving wicked and bad, put the money in the bag (Put the money in the bag)
