

# If You Think You Know How to Love Me

Bob Welch

A breathless drive through a downtown street  
A motorcycle ride in the midday heat  
The dust that hung from the desert skies  
Run though we'd run, it still burned our eyes  
Oh yeah we may walk  
On the wild wild side of life  
In our memories chased by a stranger  
Close by your side  
Empty shadows of a promise  
You can take my hand  
Show me a way to understand

So if you think you know how to love me  
And you think you know what I need  
And if you really really want me to stay  
You've got to lead the way

Yeah if you think you know how to love me  
And you think you can stand by me  
And if you really really want me stay  
You've got to lead the way  
A reckless night in a nameless town  
Then we moved out of sight with a silent sound  
A beach that wept with the shore that waves  
That's where we slept known' we'd be safe  
Now you may think you can walk  
On the wild wild side with me  
But there's a lot I can learn  
And a lot I have yet to see  
You know you've got my life  
Lyin' in your hands  
And it's up to you to make me understand

So if you think you know how to love me  
And you think you know what I need  
And if you really really want me to stay  
You've got to lead the way

Yeah if you think you know how to love me  
And you think you can stand by me  
And if you really really want me stay  
You've got to lead the way  
A reckless night in a nameless town  
Then we moved out of sight with a silent sound  
A beach that wept with the shore that waves  
That's where we slept known' we'd be safe  
Now you may think you can walk  
On the wild wild side with me  
But there's a lot I can learn  
And a lot I have yet to see  
You know you've got my life  
Lyin' in your hands  
And it's up to you to make me understand

So if you think you know how to love me  
And you think you know what I need  
And if you really really want me to stay

You've got to lead the way

Yeah if you think you know how to love me

And you think you can stand by me

And if you really really want me stay

You've got to lead the way

A reckless night in a nameless town

Then we moved out of sight with a silent sound

A beach that wept with the shore that waves

That's where we slept known' we'd be safe

Now you may think you can walk

On the wild wild side with me

But there's a lot I can learn

And a lot I have yet to see

You know you've got my life

Lyin' in your hands

And it's up to you to make me understand
