

# Jealous

Bob Welch

It's easy to see why  
Cause i look in those green eyes  
And i fall in love with her  
All over again  
Yeah, but this can be dangerous  
Cause those green eyes seem to say yes  
So easily & to so many men

Well i know i've got a jealous heart  
A jealous mind  
But i'm trying to keep a hold of my girl

Now loving so caring  
But sometimes she's daring  
And those big green eyes  
They set you up for a fall  
Now i'm tryin' to keep her  
But i just can't reach her  
That with me it's all  
Or nothing at all
