

Lose Your Heart

Bob Welch

Out of the shadows and in to the sun
Didn't think it could happen to me
Never thought I'd be a fool in love
Ah girl you've been changing me

You made me lose my heart
You made me lose my heart
You made me lose my heart
But did you lose your heart to me...

Now I wouldn't ask you to sacrifice
The way that you live your life
All that I'd ask is you give your heart
Ah girl I've given mine

You made me lose my heart
You made me lose my heart
But the thing that I've got to know is
Did you lose your heart to me ?
Now friends and lovers have said it's true
There's always one think that loves more
So I want to know do I wait for you
Or is it me that your waiting for
