3 hearts in a tangle, wheels start to turn Someone meets someone, & someone gets burned One loves the money, two loves the show Three's always ready, you can't say no

3 hearts in a tangle Someone's in the dark You stay together, can't live apart 3 hearts in a tangle I can't tell a lie 3 hearts in a tangle, nobody's right...

Two hearts in a tangle, now somebody's sad There's always a back door if you want to be bad Yeah 3 hearts in a tangle, the third time around Somebody gets restless, I'm doin' it now

3 hearts in a tangle
The knot is tied
I'm caught in the middle

Two hearts in tangle, one of them's you Fingers are pointing, now who is the fool Yeah one is out playin', & one waits at home No one gets even, you're all left alone

3 hearts in a tangle
Such a hard thing to fight
Somebody's suspicious, yeah
Where did you spend the night?
3 hearts in a tangle
I can't tell a lie
3 hearts in a tangle, nobody's right...
