

To My Heart Again

Bob Welch

I couldn't stand to feel the pain
If you wouldn't ever see me again
Because you and I
We got a long way to go
We are two strong minds
But I want you to know, that

I'm never gonna break you
I only wanna take you
To my heart again
And I'm never gonna rush you
I only wanna touch you
With my heart again
Time, the time has come to speak of hearts
Yeah I couldn't stand to be apart
So slow me down
If I start movin' too fast
Come on, hold me now
Yeah I think that we can last, and,

I'm never gonna break you
I only wanna take you
To my heart again
And I'm never gonna rush you
I only wanna touch you
With my heart again
Time, the time has come to speak of hearts
Yeah I couldn't stand to be apart
So slow me down
If I start movin' too fast
Come on, hold me now
Yeah I think that we can last, and
Come on, hold me nOw
Oh I think that we can last, and

I'm never gonna break you
I only wanna take you
To my heart again
And I'm never gonna rush you
I only wanna touch you
With my heart again
Time, the time has come to speak of hearts
Yeah I couldn't stand to be apart
So slow me down
If I start movin' too fast
Come on, hold me now
Yeah I think that we can last, and
