

# Forgiven

Bobaflex

My confessions are brought on by fire  
I've been a bad man, a sinner, a liar  
I'm a victim of changing desire  
Yeah, even begging and pleading  
So I don't just

Throw me in the holy water  
Drag me down into the slaughter  
Kicking and screaming and testing my faith

Father, I have sinned  
Why can't you save me?  
Can I be forgiven?  
Can I be forgiven?  
Stranger, let me in  
Why can't you save me?  
Can I be forgiven?  
Can I be forgiven?

Save your judgements for someone who cares  
My days are numbered, I cannot be spared  
Sheeps will mutter about my despair  
Yeah, you've been begging and pleading  
So I don't just

Throw me in the holy water  
Drag me down into the slaughter  
Kicking and screaming and testing my faith

Father, I have sinned  
Why can't you save me?  
Can I be forgiven?  
Can I be forgiven?  
Stranger, let me in  
Why can't you save me?  
Can I be forgiven?  
Can I be forgiven?  
I need your forgiveness  
Can I be forgiven?

What's it take to be forgiven?  
What's it take to be forgiven?  
Am I too far gone? (Am I too far gone?)  
Am I too far gone?  
Am I too far gone?  
What's it take to be delivered?  
What's it take to be delivered?  
Am I too far gone? (Am I too far gone?)  
Am I too far gone?  
Am I too far gone?  
I thought you said I'd be delivered  
I thought you said I'd be delivered  
Am I too far gone? (Am I too far gone?)  
Am I too far gone?  
Am I too far gone?

Father, I have sinned

Why can't you save me?  
Can I be forgiven?  
Stranger, let me in  
Why can't you save me?  
Can I be forgiven?  
Can I be forgiven?

Father, I have sinned  
Why can't you save me?  
Can I be forgiven?  
Can I be forgiven?  
I need your forgiveness  
Can I be forgiven?
