

# Never Comin' Back

**Bobaflex**

It's human nature  
Such a wondering eye  
I should've played ya  
Instead I made you mine  
Little angel on the darker side  
You think you own me  
You must be outta your mind

I can't get over all the things that you have said and done  
You think you know me  
You should have known I'd run

And I ain't never coming back  
I gotta million reasons why  
My train is coming off the track  
Ain't got no time to say good bye

Devil woman  
I should've known your kind  
I was so lonely I thought you'd change in time  
Sweet destroyer a fire in your eyes  
I thought you loved me  
How could I be so blind

I can't get over all the things that you have said and done  
You think you know me  
You should have known I'd run

And I ain't never coming back  
I gotta million reasons why  
My train is coming off the track  
Ain't got no time to say good bye

I used to say it will be alright  
But I can't say those things tonight  
How does it feel to be on your own  
In the end we turn to stone

And I ain't never coming back  
I gotta million reasons why  
My train is coming off the track  
Ain't got no time to say good bye

I used to say it will be alright  
But I can't say those things tonight  
How does it feel to be on your own  
In the end we turn to stone
