

# Playing Dead

Bobaflex

Oh please don't wake the monster  
This home is happy when she sleeps  
Her only motivation is staying strong to keep me weak  
She'll hold my head down to the fire to watch me burn a while

Her pain is taking over  
But all I wanna do is sleep  
And as this man gets older, he's learning what it means to weep  
Our life is not what I desired  
But one thing makes me smile

I'll never know, just what you put me through  
I'll never know, just what you put me through

So I play dead  
Until she drags me to the bed  
Oh oh, oh oh  
I take my place between her legs  
I'm so alone but then she said  
No oh, oh oh  
Oh oh oh oh

Oh oh  
Please don't you wake the monster  
This home is happy when she sleeps  
Her only motivation is staying strong to keep me weak  
She'll hold my head down to the fire to watch me burn a while

I'll never know, just what you put me through  
I'll never know, just what you put me through

So I play dead  
Until she drags me to the bed  
Oh oh, oh oh  
I take my place between her legs  
I'm so alone but then she said  
No oh, oh oh. Oh oh oh oh

I'll never know, just what you put me through  
I'll never know, just what you put me through  
I'll never know, just what you put me through  
I'll never know, just what you put me through  
I'll never know, just what you put me through  
I'll never know, just what you put me through

So I play dead  
Until she drags me to the bed  
Oh oh, oh oh  
I take my place between her legs  
I'm so alone but then she said  
No oh, oh oh  
Oh oh oh oh
