

Rise, fight or die  
Rise, it's my battle cry  
Rise, fight or die

Aching, breaking, what's that sound  
Another little Hitler trying to bring me down  
He screams "Son, walk like me  
Play by the rules or we'll break your knees"

I can't take it  
Got a gun to my head trying to tell me what to do again  
I can't fake it  
Got his finger on the trigger trying to make me play the fool again

No, no, no!

I'm gonna rise, fight or die  
Rise, it's my battle cry  
Rise, fight or die  
You can't break me  
Rise, fight or die  
Rise, it's my battle cry  
Rise, fight or die  
I won't fall in line, I'm not your kind

Fascist blasting threw a megaphone  
Join us now and you'll never be alone  
Believe in the book of me  
Join us now or we'll make you bleed

I can't take it  
Got a gun to my head trying to tell me what to do again  
I can't fake it  
Go his finger on the trigger trying to make me play the fool again

No, no, no!

I'm gonna rise, fight or die  
Rise, it's my battle cry  
Rise, fight or die  
You can't break me  
Rise, fight or die  
Rise, it's my battle cry  
Rise, fight or die  
I won't fall in line, I'm not your kind

I'm gonna rise, fight or die  
Rise, it's my battle cry  
Rise, fight or die  
You can't break me  
Rise, fight or die  
Rise, it's my battle cry  
Rise, fight or die  
I won't fall in line, I'm not your kind
