

## Heart To Heart Talk

**Bobbie Gentry**

How foolish can you be to be ruled by jealousy  
Would you throw away what we've planned  
Why don't you ask your heart, ask it if we should part  
You'll find like mine it just won't understand  
Let's have a heart to talk  
Let's have an arm in arm walk  
My darling, lets try to see eye to eye  
And let's have a heart to heart talk  
You smile, I'll smile with you  
You cry, I'll cry with you  
'Cause you're the only love I've ever known  
Don't go and break my heart  
Don't say that we must part  
This world is lonely when you leave me alone  
Let's have a heart to talk  
Let's have an arm in arm walk  
My darling, let's try to see eye to eye  
And let's have a heart to heart talk
