

Cold Day in Hell

Bobby Bare

It'll be cold day in hell when I fall the way I fell for that woman

Ain't gonna fall that way no more

Be snowin' in July when I take the time to cry for that woman

Ain't gonna cry that way no more.

The sea's got a witch it can cast a spell on you make me follow her anywhere

She took me by the hand and led me through the dark since she left me there

Alone and cold and prayin' for her

Cold day in hell of the stories I could tell about that woman

Ain't gonna fall that way no more.

Gonna be scorchin' in October the day that I get older lovin' that woman

Ain't gonna love like that no more

Gonna be snowin' in July when I take the time to cry for that woman

Ain't gonna cry that way no more.

It'll be cold day in hell when I fall the way I fell for that woman

Ain't gonna fall that way no more.

Ain't gonna fall that way no more...
