

Easy As Dreaming

Bobby Bare

Lord, it's easy as dreaming
Falling in love with you
But it's hard as dying
Knowing these dreams won't come true.

Tonight as I lie here sleepless without you
And think on the sweet love we knew
That goes from the past sets me dreaming bout you
And starts that old flame up anew.

And it's easy as dreaming
Falling in love with you
But it's hard as dying
Knowing these dreams won't come true.

Now I should be lettin' my poor heart forget you
And start out gettin' over the fall
But I'd rather keep you right here in my dreamin'
And never to have you at all.

And it's easy as dreaming
Falling in love with you
But it's hard as dying
Knowing these dreams won't come true.

Just knowing these dreams won't come true...
