

Life Of A Fool

Bobby Bare

She was so innocent I stole her heart
I cheated and lied to her right from the start
The way that I acted so cold and cruel
I guess I've been living the life of a fool

She really loved me and gave me her all
So reckless and foolishly I let her fall
I never realized I loved her too
But I guess I've been living the life of a fool

She really loved me and gave me her all
So reckless and foolishly I let her fall
I never realized I loved her too
But I guess I've been living the life of a fool
