Lonely Town

Bobby Bare

I'm a walking down to Lonely Town
I didn't wanna go but now I know I will
Walking down to Lonely Town
And it's just over the hill.

Everybody told me someday
You'll let me down
And put me on that lonely road
That leads to Lonely Town.

I told them all I'll say
Oh, no, she's all I hoped I found
There she is and here I go
Down to Lonely Town.

Yes I'm walking down to Lonely Town
I didn't wanna go but now I know I will
Walking down to Lonely Town
And it's just over the hill.

It's just over the hill.

Yes, the way you did me
Some might call a sin
'Cause when I get down to Lonely Town
I'll never love again.

Now I'm walking down to Lonely Town
I didn't wanna go but now I know I will
Walking down to Lonely Town
And it's just over the hill.

It's just over the hill, it's just over the hill...
