

# Maggie

**Bobby Bare**

Maggie, how I wish we'd never met  
Never kissed or tried to fall in love  
For Maggie fashion's not the same as love  
It's just a game we're soon tired of.

We were too young to marry anyhow  
Hot blood was all there was between us  
Now there's the kids, a house and more than bills to pay  
It breaks my heart, we're not in love  
Maggie, Maggie, how I wish we'd never met?

Maggie many tears ago  
Love we thought would grow was dead and gone  
Maggie, it's hard to pretend  
When things that need to end keep draggin' on.

It's not quite fair to raise our kids like this  
They're not too young to know we're fakin'  
But nothing's ever said out loud and time takes on  
Clean to the bone our souls're achin'  
Maggie, Maggie, how I wish we'd never met.

Maggie, Maggie...
