

# Take Me Home

**Bobby Bare**

Well I've been from Boston to LA  
Seen Boulder Dam and Crystal Bay  
Been to New York City and Washington  
Saw Montreal and Saskatchewan, and Rhode Island  
And I've worked in three all night service stations and drove a  
truck

Take me home, my heart is heavy and feet are sore  
Take me home, I don't wanna roam no more

Well I slept all night in a water trough  
Had the flu and croup and the whooping cough  
Had the mumps and the measles and the seven year itch  
And I can't count the times that I've had a cold, and sore thro  
at  
Not to mention all the times that I've cut my fingers on sardin  
e can

Take me home, my heart is heavy and feet are sore  
Take me home, I don't wanna roam no more

Well I can see 'em all now just a gathering 'round  
Momma's supper table when the sun goes down (When the sun goes  
down)  
And my good ol' pappy when the blessing's said  
Filling up his plate with black eyed peas (With black eyed peas  
) , mmm inside me  
And the great big hump of my dear sweet momma's hot buttered co  
rnbread

Take me home, my heart is heavy and feet are sore  
Take me home, I don't wanna roam no more  
Take me home
