

That's Where I Want To Be

Bobby Bare

Well, I saw you last night with your new love
And he looked at you so tenderly
It hurt me just to see him walk beside you
He's just where I want to be

He was kissin' the lips I wanna be kissin'
Mmm, tastin' the love I wish belonged to me
Oh, every time you start your heart to missin'
He's just where I want to be

He was kissin' the lips I wanna be kissin'
Mmm, tastin' the love I wish belonged to me
Oh, every time you start your heart to missin'
He's just where I want to be

He's just where I want to be
He's just where I want to be
