

## Wher'd I Come From

**Bobby Bare**

Mama where'd I come from  
Did they give me to you free  
Did you buy me in a boystore  
Mama, where'd you find me?

Well Bobby  
I found you in a smile  
And the gentleness  
Hidden in your daddy's eyes.

Freddie said a bird came  
And left me in a tree  
Mama, where'd I come from  
That don't sound right to me?

Well, I'll tell you darling,  
God in all his sweetness  
Smiled on us yes he did  
Then an angel and brought you on  
The wings of love.

Did a doctor bring me  
Like John said he did  
And if a doctor brought me  
Where'd they get kids?

Well sweetheart can you keep a secret  
Hmmm well, just between a mother and her son  
I'll tell ye you were born of love  
And that's where you came from.

Well Bobby, now do you know  
Where you came from, yes where, love...
