

## Close To You

Bobby "Blue" Bland

Close to you, close to you  
that's where I always want to be  
standing by where patiently  
wanting you to want me close to you  
loving you, loving you  
you can make all of my dreams come true  
in my heart, where in my heart  
there is love, there is love  
where there is love, that's where you  
should want me close to you

Close to you, close to you baby  
that's where I always want to be  
where standing by patiently  
I wanted you to want me close to you  
loving you, loving you  
you can make all of my dreams come true  
where in my heart, in my heart  
there is love, there is love  
where there is love, that's where you  
should want me close to you
