

Get Your Money Where You Spend Your Time

Bobby "Blue" Bland

My lord
Baby
Oh, Lord
Let's see

You go how you wanna go
And you stay as long as you please
You gave your best love to John Henry
Then you bring your scraps home to me

Now if that's the way you want to do it
I've got to draw the line
So from now on just get your money
Where you spend your time

I work too hard for these pennies to be treated like a fool
And the 2-time game you're trying to run on me
Is something I just can't use

There's too many good women out there
Could use a love like mine
So from now on just get your money
where you spend your time
I'm not gonna let you worry me no more

I'm not going to try to catch you
And I hope you understand
I'm gonna find me another woman
And you can go on out there with your man

I'm tired of being mistreated by you (Tired of being mistreated)
When I've made up my mind (Made up my mind)
So from now on just get your money
Where you spend your time

(Get your money, where you spend your time)
Where you spend your time, baby
(Get your money, where you spend your time)
I don't know about you right now baby

I don't know where you're gonna spend your time
(Get your money, where you spend your time)
There's nothing i know baby, But i sure know where I'm gonna spend mi
ne
(Get your money, where you spend your time)

I'm tired, Lord
Lord, I'm so tired (Get your money, where you spend your time)
Get your money where you spend your time
Get your money, oh Lord, where you spend your time
