

Time Out

Bobby "Blue" Bland

Don't you know you can't love me and keep doing me like you do
Don't you know you can't love me and keep doing me like you do
How you expect me to love you, when I know you won't be true

Didn't you think I was a fool dear, think I never would get wise
e?

Oh, oh, oh think that I would never get wise

Did you know that someday darling, I would wake up and realize?

They said time will tell, baby it sure did tell on you

Yes, time would tell, baby it sho' did tell on you

So I'm putting you down and I don't care what you do
