

Woke Up Screaming

Bobby "Blue" Bland

Ooo-we-baby, I had a real bad dream last night
Yeah, baby, I had a real bad dream last night
It started 'bout four this mornin' and It last 'till broad day
light

Well I tossed and tumbled baby, Lord, until the crack of dawn
Yeah I-I-I tossed 'till the crack of dawn
Then I woke up screamin', 'cause I dreamed that you had gone

I put my hand on your pillow
To see if ev'thing was still okay
But I should have known baby
You were gone to stay

I woke up screamin'
And I'm still in misery
And I'll keep right on screamin'
'Till you come back home to me, yeah

Woo! oh oh! Alright baby!

I put my hand on your pillow
To see if ev'thing was still okay
But I should have known baby
You were gone-on-on-on-on

I woke up screamin'
And I'm still in misery
And I'll keep right on screamin'
'Till you've come back home to me
Ah, ah, ah
