

# What U Go Do

Bobby Brackins

Big body whippin' on Mack

But the nigga got stacks  
Give it up fast, I don't wanna ask  
Niggas be cattin', niggas is all trash  
Stay with a couple l's, like Kool J  
All rappers get they swag from the new Bay  
What you gone do, man a young nigga too paid

A few red and black sheets with some white stains  
K-Kool John rockin' 'bout five chains  
Got a [?] killed the function, left with a roof full of cash

What you gone do with a nigga like me?  
Mouth full of gold, bitch I'm too icy  
Pullin' all the hoes in a plain white tee  
What you gone do with a nigga like me?  
What you gone do with it?  
Tell me what you gone do when you see a nigga like me  
What you gone do with it, when you ask if I'm on and I say that I might be  
What you gone do?

Sin sinner  
She call me [?] like the shoes with the spin-spinners  
The win-winners  
The heart breakers, the Mark Jacobs  
She star denims, we ball in it, cash in it  
I need a girl that's independant

No major label, I regulate her like Warren G  
I'm getting paper, middle finger to authorities  
A bad, bad, bad, girl with cash, class, ass, ass, and pearls  
Everything else I need, call her a masterpiece  
Ooh, I'm gettin' better as the days go on  
Let's take a trip where the phone's don't wrong  
She ain't say gotta shit, she know that I'm on  
Like the fridge in the kitchen, ya dig! (Aye!)

What you gone do with a nigga like me?  
Mouth full of gold, bitch I'm too icy  
Pullin' all the hoes in a plain white tee  
What you gone do with a nigga like me?  
What you gone do with it?  
Tell me what you gone do when you see a nigga like me  
What you gone do with it, when you ask if I'm on and I say that I might be  
What you gone do?

I go dumb, I go crazy ho  
I need an independent lady not a lazy ho  
I'm 'bout bidness with my checks, go crazy Dro  
Play your cards right I might let you meet my bros  
Me, Bobby in the lobby, me Skipper on the street, me and Su up in the booth  
Let's sip up on the street

I'm the opposite of lies, yeah she know what it do  
She said she want round two I said give my dick a boost (Ugh!)  
What type of nigga know? Bring the bops out, bring the blocks out

Stay shmop'd out  
I come from [?] with the [?] out  
Blow dro, lean hoes til my lights out

What you gone do with a nigga like me?  
Mouth full of gold, bitch I'm too icy  
Pullin' all the hoes in a plain white tee  
What you gone do with a nigga like me?  
What you gone do with it?  
Tell me what you gone do when you see a nigga like me  
What you gone do with it, when you ask if I'm on and I say that I might be  
What you gone do?
