

Break Away

Bobby Caldwell

Stay away, stay away
If you care for yourself, stay away
I have bad luck each and every day
Stay away
Turn around, turn away
If you see me on the street, turn away
I could break your heart again one day
Turn away

Stay on the side of the street where the sun shines
I will not disturb your space
You don't have to live like I live on a phone line
You won't have to see my face

Break, break away
You don't have to stay
Baby, break away
Break, baby break away
You don't have to stay
Baby, break away

[Jessie Ware & Both:]
Break away, break away
That's the name of the game, break away
Cause for you, there are better games to play
Break away
Turn around, turn away
If you see me on the street, turn away
I could break your heart again one day
Turn away

Stay on the side of the street where the sun shines
I will not disturb your space
You don't have to live like I live on a phone line
You won't have to see my face

[Bobby Caldwell, (Jessie Ware) & Both:]
Break, break away
You don't have to stay
Baby, break away
(Gotta break away)
Break, baby break away
You don't have to stay
(Stay, stay, stay, stay)
Baby, break away
Gotta break away
Break away, break away
Break away, break away
You don't have to stay
Baby, break away
Break away, baby, break away
(Break away)
You don't have to stay
Baby, break away
(You don't have to stay)
Break away, baby, break away
You don't have to stay

Baby, break away
Gotta break away
