

# Fraulein

**Bobby Caldwell**

Man I was bored  
Workin' up a sweat in a local bar  
Fighting this war  
When I should have been a super-star  
She walked in  
And I knew she was there to please  
Said one word to me  
And dropped me to my knees

And every time she gets near  
I told her  
Over and over and over

Be mine Fraulein  
Give me a reason that could keep you here  
Be mine Fraulein  
Just can't get over you

The way that she moves  
Ooo she kinda' slid across the floor  
The smell of perfume  
Makes me want to have her just once more

The look in her eyes  
Gonna' melt my heart away  
She's telling me lies  
She knows just what I want to hear her say

And every time she gets near  
I told her  
Over and over and over

Be mine Fraulein  
What will I do if you should disappear  
Be mine Fraulein  
Give me a reason that could keep you here
