

Game Over

Bobby Caldwell

It's over, game over
Love has taken me over
Game over, game over

I would try in with persistence
Tryina keep you at a distance
Didn't wanna get too involved
Oh no
But the power of attraction
Was too stronger of a reaction
And I couldn't help it at all
Oh no

Well you loaded up and narrow time in Rio de Janeiro
And you pull it back and land it for my heart

And there's nowhere to run,
Nowhere to hide now, baby
Won't anyone
Love's deep inside now, baby

It's over, game over
It's over, game over
Love has taken me over
Game over! Game over!
It's over, game over
Love has taken me over
Game over! Game over!

I was trying to ignore you,
Cause I had someone before you
But it didn't work out at all
Oh no
And you've weaken my defences
And you've woken all my senses
Then I knew I was gonna fall
Oh no

And there's nowhere to run
Nowhere to hide now, baby
Won't anyone
Love's deep inside now, baby
It's over, game over
It's over, game over
Love has taken me over
Game over, game over
It's over game over
Love has taken me over
Game over, game over

Well you loaded up a narrow time in Rio de Janeiro
And you pull it back and land it for my heart

And there's nowhere to run
Nowhere to hide now, baby
Won't anyone
Love's deep inside now, baby

It's over, game over
It's over, game over
Love has taken me over
Game over, game over
It's over game over
Love has taken me over
Game over, game over

Game over
You got it
It's over
You got me girl
Game over
On top of the world
Game over
You got it
It's over
You got me girl
Game over
On top of the world
