

Never Knew Love Before

Bobby Caldwell

Baby, how you slay me when you're in the mood
It's that sweet finesse that you manifest when you walk into the room

This time might be the first time that I've learned to feel
Maybe I got crazy, but I think that it's real

Never thought I'd try again

That's when I became a true believer
True believer to the end

No, I never knew love before
But then you opened up the door
No, I never knew love before
Not until the day you found me

No trust, it was just lust
Always ended up the same
Maybe my heart wasn't your heart till you took away the pain (oh)

This time might be the first time that I've learned to feel
Maybe I got crazy, but I think that it's real

Never thought I'd try again

That's when I became a true believer
True believer to the end

No, I never knew love before
But then you opened up the door
No, I never knew love before
Not until the day you found me

No, I never knew love before
But then you opened up the door
No, I never knew love before
Not until the day you found me

No, I never knew love before
But then you opened up the door
No, I never knew love before
